

CROOKS FINANCE

WHITEPAPER

CROOKS FINANCE

INTRODUCTION

Crooks finance was established by three avid and passionate crypto investors who were fed up of all the pump and dump projects within the cryptocurrency market.

They began to brainstorm about a project that would be lucrative to hold on to long term. Who would not want to hold on to an asset if it yields a steady and sustainable passive income.

With little knowledge and know-how of developing smart contracts they set out to find a reliable and skilled developer. On March 4 2022 they found the right developer. On July 1, 2022 they were ready to launch.

CROOKS FINANCE

CONCEPT

Crooks Finance is all about creating a sustainable passive income flow.

Capital is gathered through our presale and trading volume. This gathered capital is used to stake in high yield rewarding farms. The most important thing is that these farms are sustainable for the long run. That's why Crooks Finance will work with MM Finance to stake the gathered capital.

Staked capital will rapidly grow because of trading volume and our smart compound protocol. When staked capital grows weekly, your rewards will also grow every week.

Hold CRKS, earn CRO

CROOKS FINANCE

TOKENOMICS

Token name: Crooks

Token symbol: CRKS

Initial token supply: 100,000,000

Public token allocation: 12,000,000 (12%)

Presale allocation: 68,000,000 (68%)

Team and Partnership allocation: 20,000,000 (20%)

CROOKS FINANCE

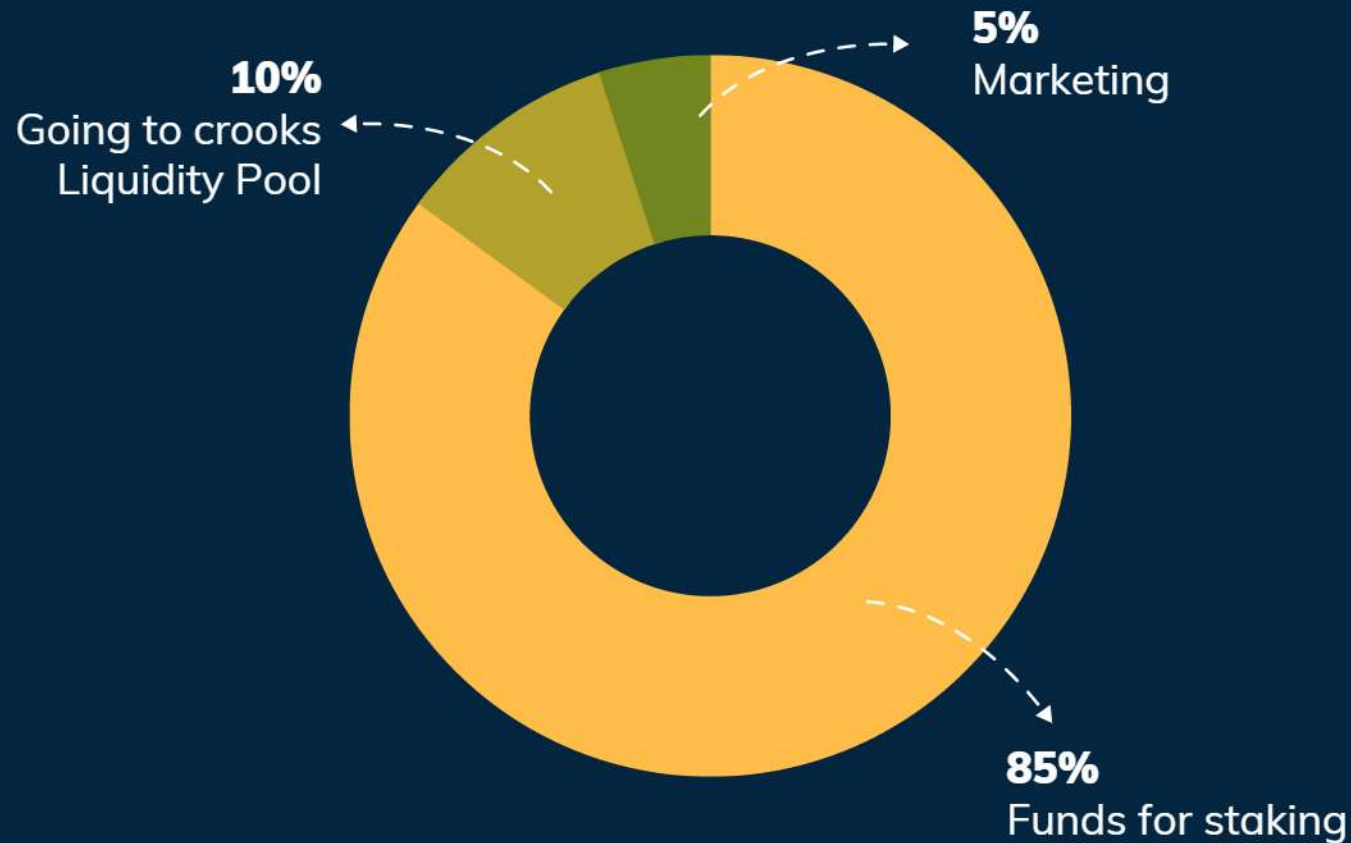

LAUNCH DATE

WL presale date: June 27, 2022, 6PM UTC
Public presale date: June 27, 2022, 6:30 PM UTC

Official launch: July 1, 2022 6PM UTC

CROOKS FINANCE

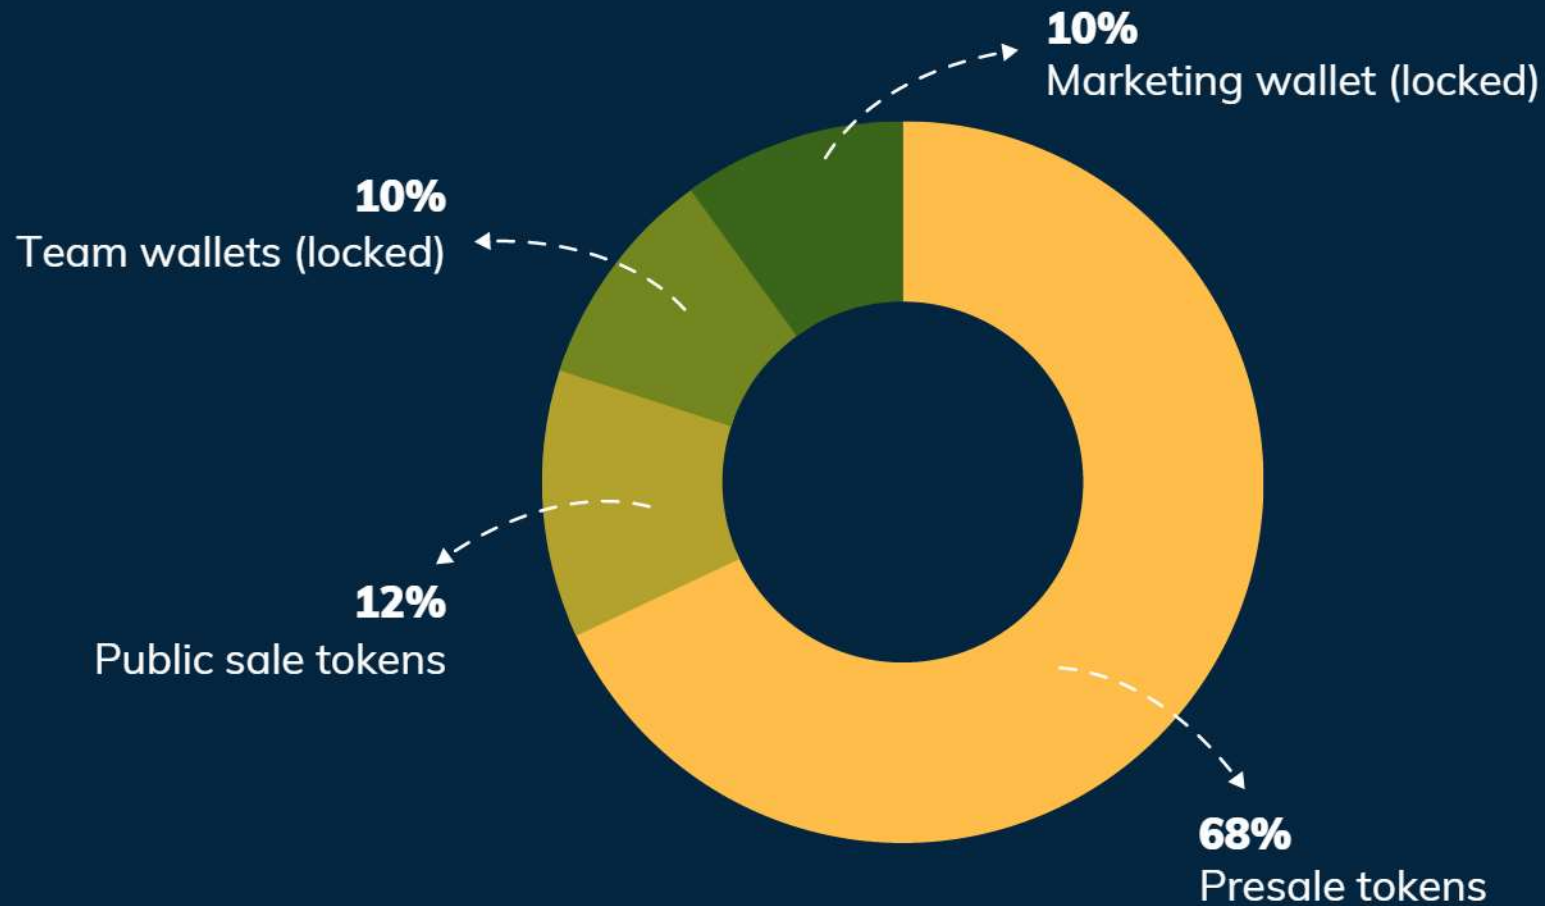

PRESALE ALLOCATION

Soft cap: 250,000 CRO
Hard cap: 1,133,333 - 1,236,363 CRO
Launch rates: 1 CRO = 50 CRKS
Public Presale rates: 1 CRO = 55 CRKS
Whitelist Presale rates: 1 CRO = 60 CRKS
Minimum Allocation Per Address: 100 CRO
Maximum Allocation Per Address: 10,000 CRO

CROOKS FINANCE

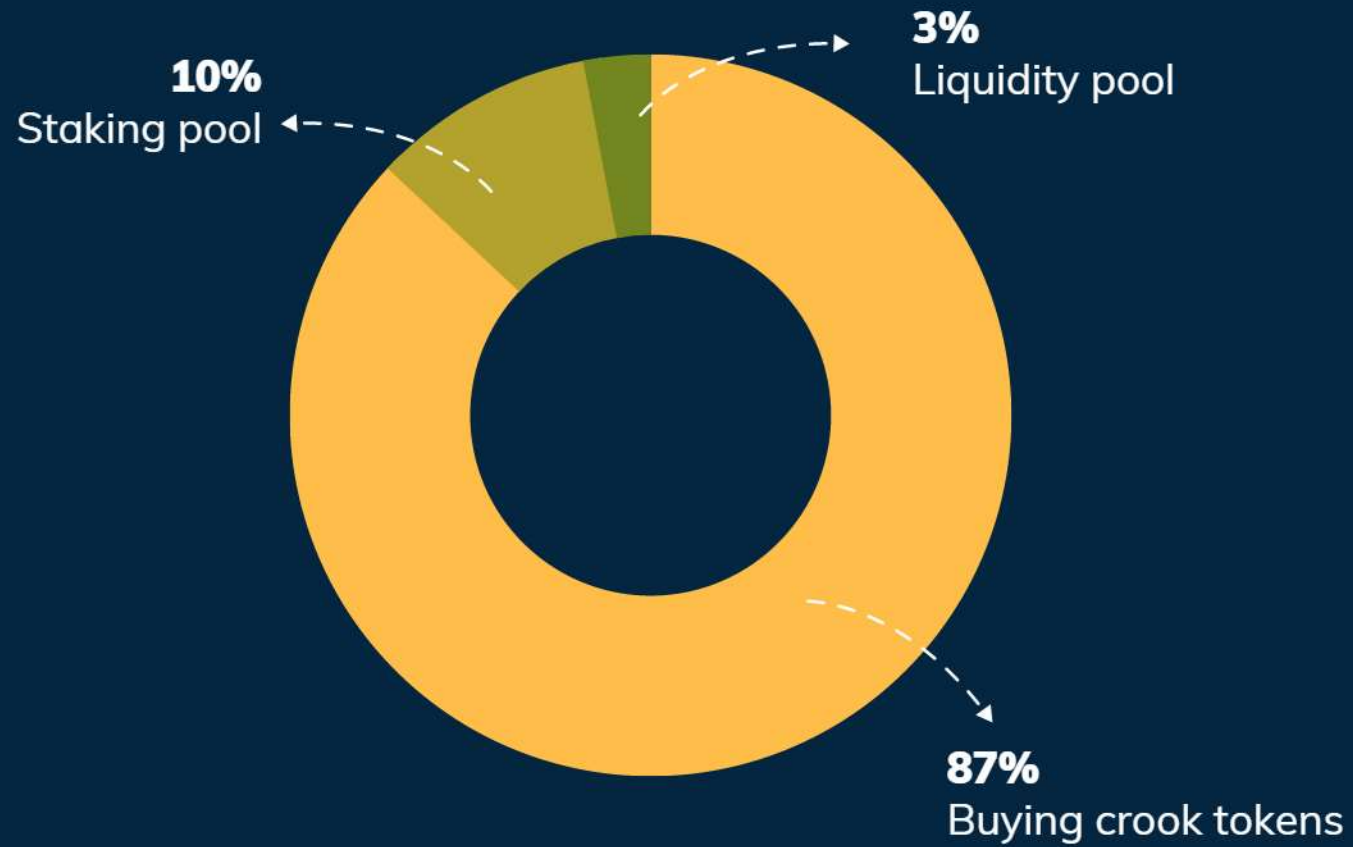

SUPPLY ALLOCATION

Marketing wallet and team wallets are locked. Selling CRKS is not possible. Team and marketing wallet will enjoy CRO rewards.

CROOKS FINANCE

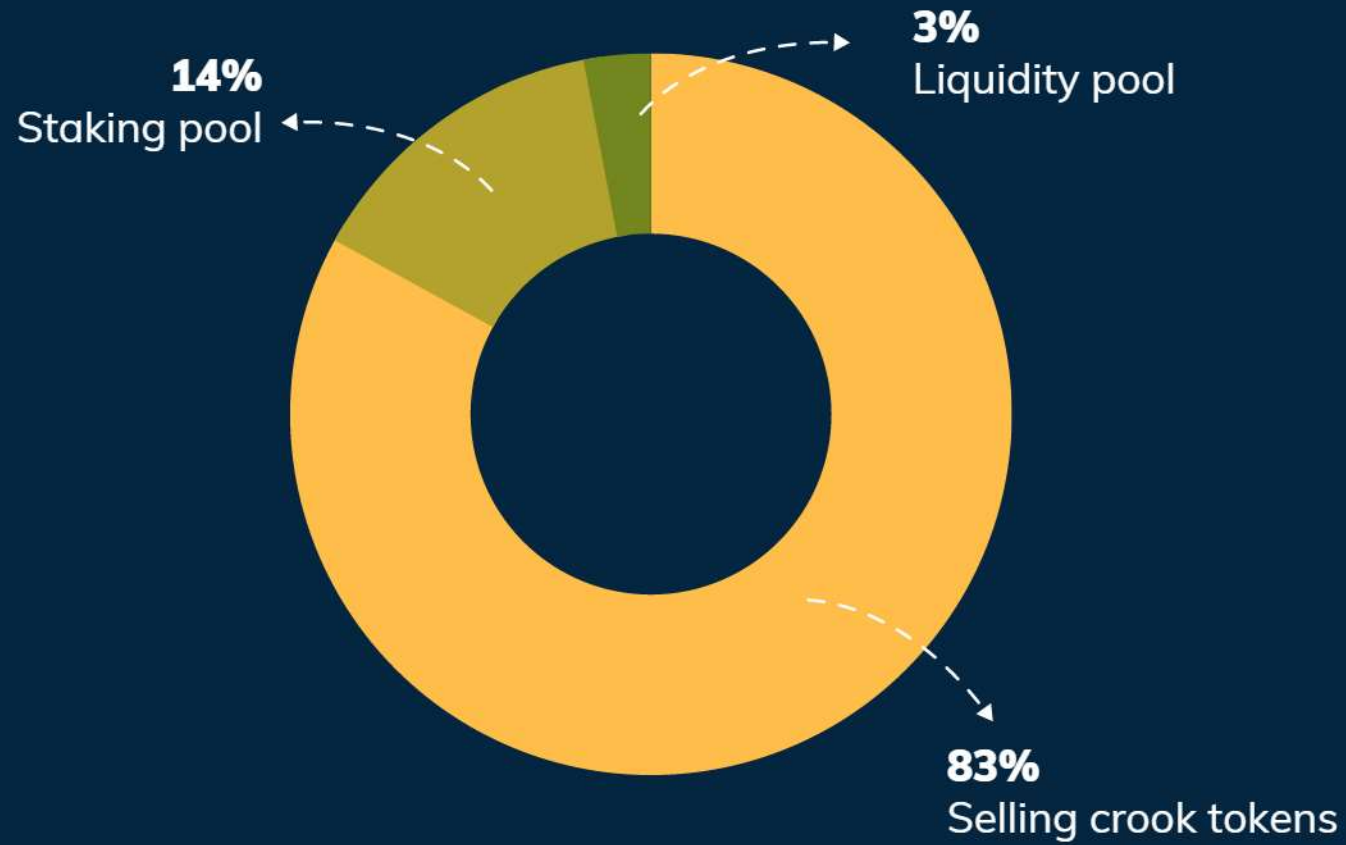

BUY TAX*

*Tax will be lowered slowly when the investment wallet increases.

CROOKS FINANCE

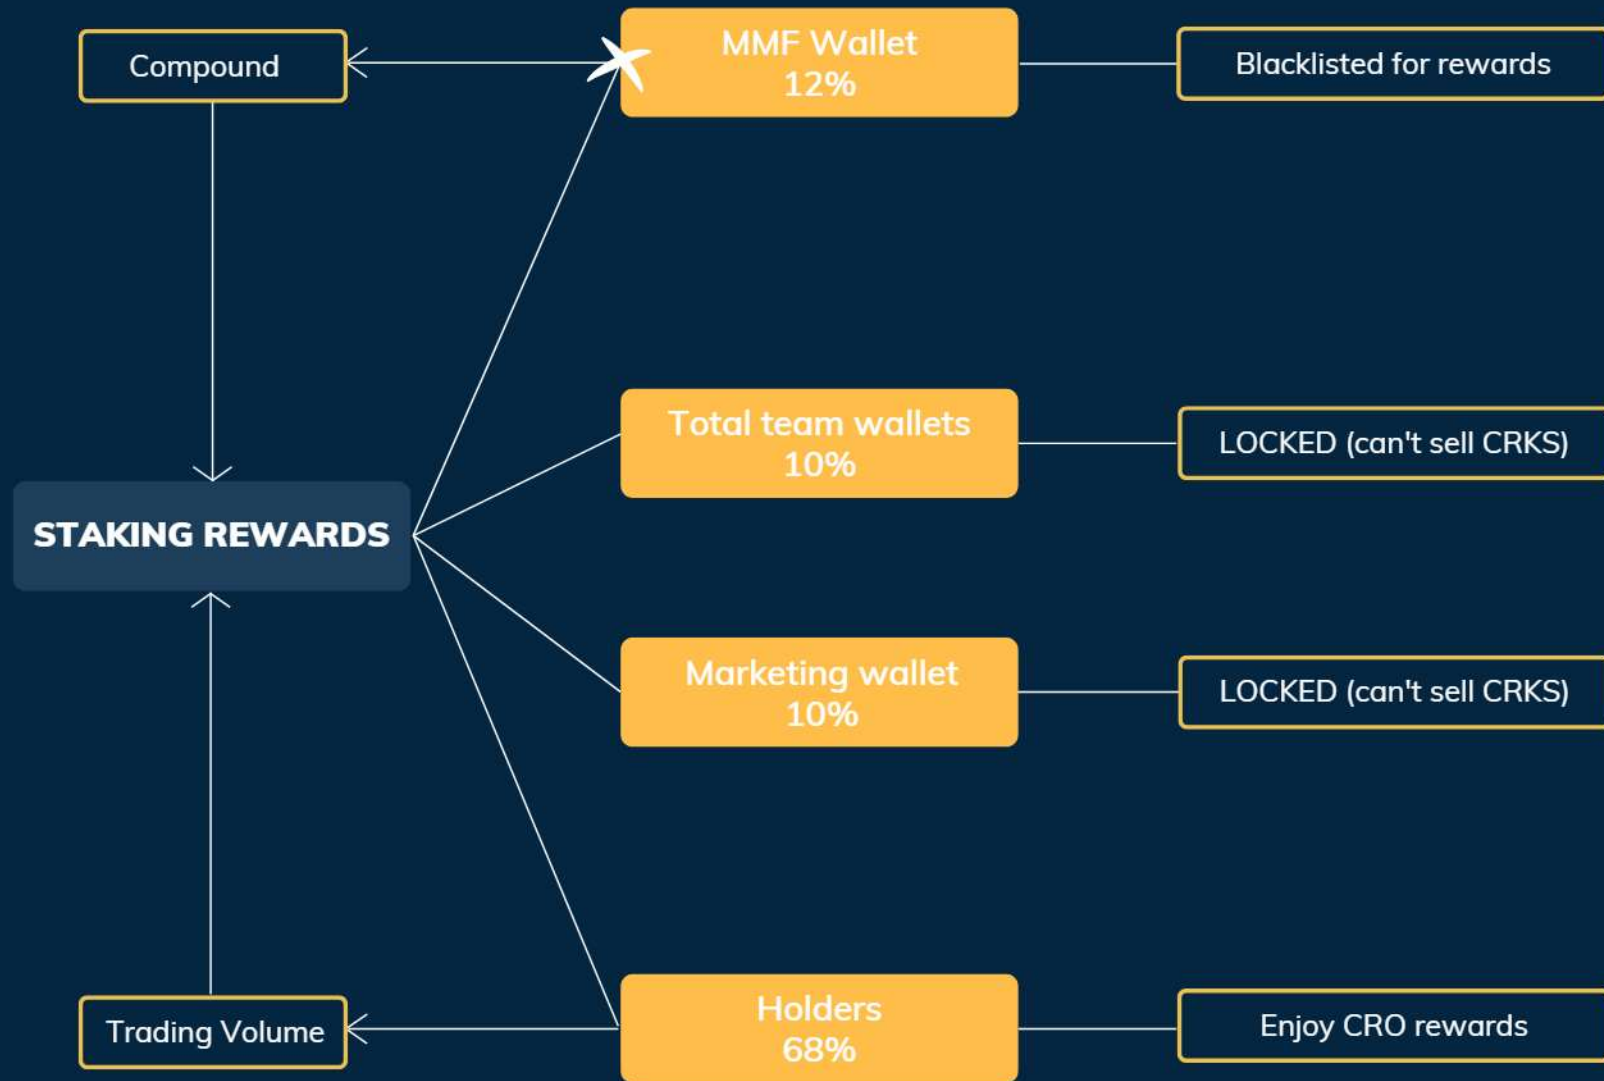

SELL TAX

*Tax will be lowered slowly when the investment wallet increases.

CROOKS FINANCE

REWARD STRUCTURE

CROOKS FINANCE

BASIC MATH

With \$200k staked in a pool with 230% APR we generate \$8820 weekly. If you are holding 1 million CRKS (1% of the total supply) you will earn 1% of that \$8820 on a weekly basis. That comes to \$88 for just holding CRKS tokens.

As trading volume increases and the power of compound interest is added, the interest you will receive every week will increase exponentially. With 3 million trading volume in the first week, the staked capital will increase by around \$700k. Your \$88 weekly is now a staggering \$396 a week, since \$900K has been staked.

In addition, we will also compound the mmf share weekly back into the staking vault. This will allow the pool to grow regardless of the trading volume.

CROOKS FINANCE

EXAMPLE

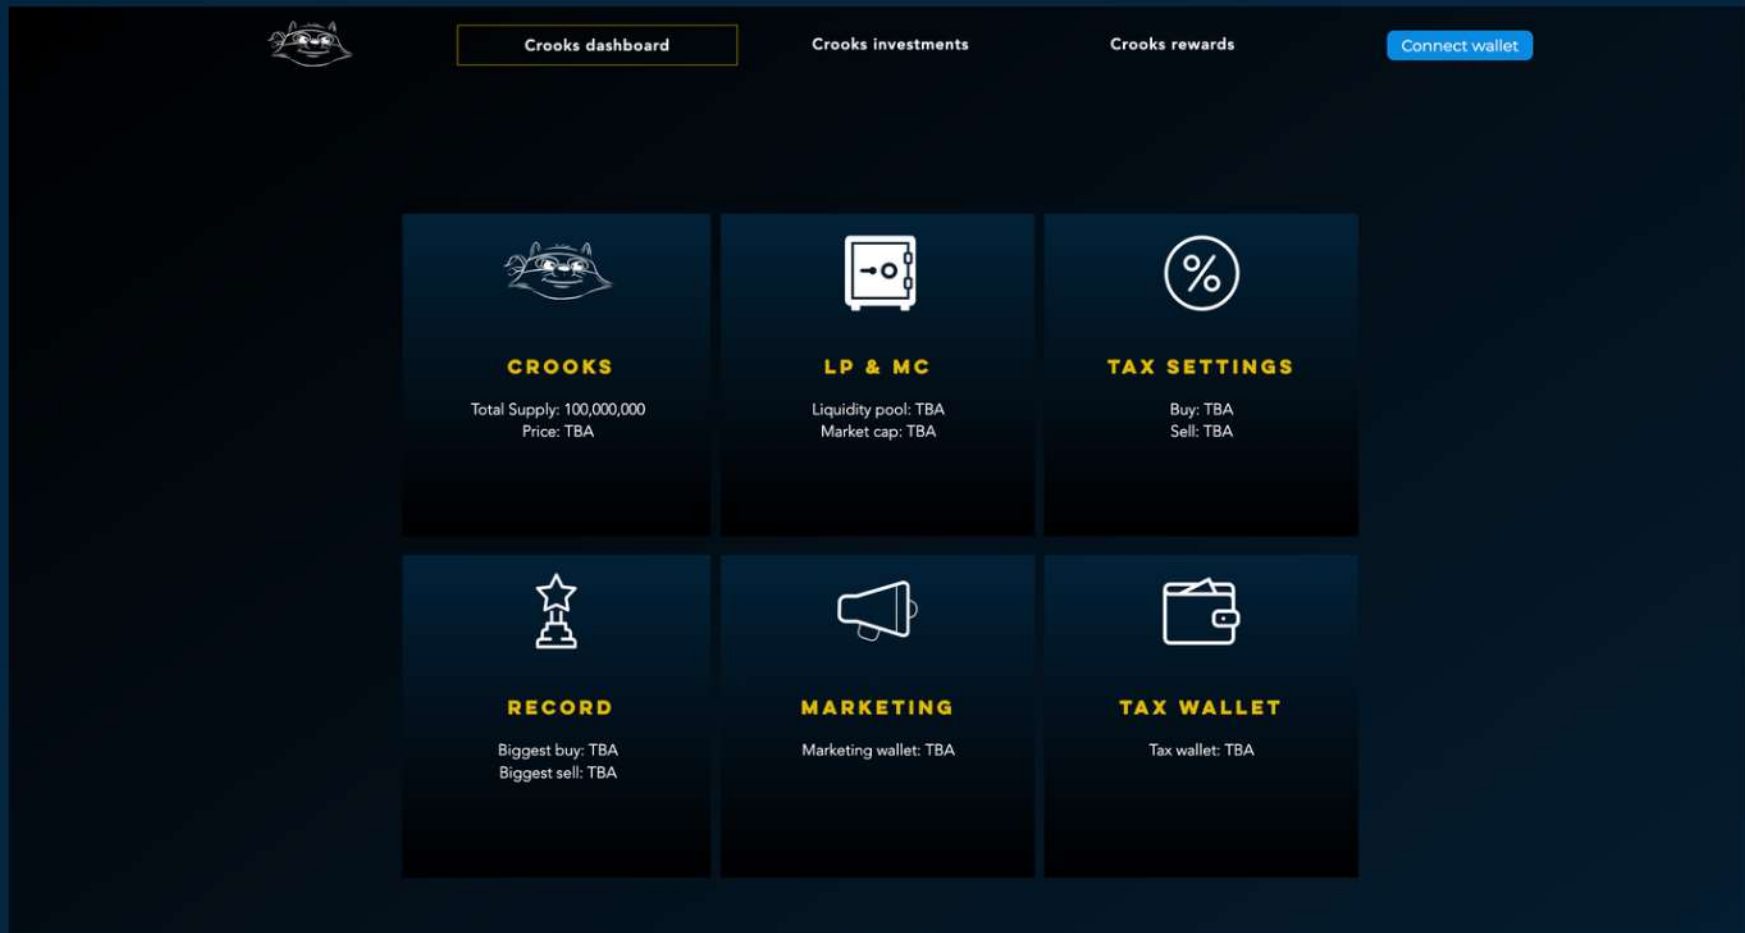

Holdings: 500,000 CRKS (0,5% supply)
farm: mmf/cro APR: 230%

Weeks		Rewards
01	200K staked Trading volume: 3 million Compound interest: -	44\$
02	900k staked Trading volume: 2 million Compound interest: -	196\$
03	1.4 M staked Trading volume: 1 million Compound interest: -	317\$
04	1.6 M staked This will continue to grow every week through trading volume and compounding.	362\$

This example is based on a mmf price of \$0,46, this could be more or less in the future

CROOKS FINANCE

LOCKED BY EVERRISE

Liquidity and team wallets will be locked for three months at first.

Before the three months end we will relock by using EverRise products like EverLock and EverOwn to lock initial and generated liquidity. This means it can only be unlocked with community votes

Team and marketing wallets will be locked, so selling CRKS is not possible. In stead these wallets will enjoy cro rewards that will be used for marketing.
